An international applicant (non-resident alien) must meet all admission requirements for the appropriate applicant category (freshman, undergraduate transfer, graduate). Information that must be submitted for any applicant to be considered for admission to the USF System institution includes a completed application for admission that is available on-line, a nonrefundable application fee payable in U.S. dollars and, if English is not the primary or native language, scores on the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS) or the Pearson PTE-A. For additional information on International Admission, see http://regulationspolicies.usf.edu/regulations/pdfs/regulation-usf3.018.pdf item 7 on page 10.

All transcripts must be in English. It is the applicant’s responsibility to have the transcript(s) translated before submitting them as part of their admission credentials. All transcripts not in English must be accompanied by a certified English literal translation; foreign postsecondary transcripts must be evaluated by one of the credential evaluation services identified and published by the appropriate international admissions office. Documents signed by a notary or other public official with no educational affiliation will not be accepted.

Some post-secondary international credentials may be evaluated by the Office for International Admissions (http://www.usf.edu/admissions/international/), while others may require an official course-by-course evaluation completed by an independent credential evaluation service, with associated costs to be paid by the student.
