ABOUT THE USF SYSTEM

The University of South Florida System (USF System) is composed of two separately accredited institutions, USF and USF St. Petersburg. USF consists of the main research campus in Tampa, which includes USF Health, its College of Marine Science in St. Petersburg, and two regional campuses - USF Sarasota-Manatee and USF Polytechnic, located in Lakeland. The USF System was awarded \$380.4 million in research contracts and grants in FY 2008/2009. It has a \$1.8 billion annual budget, an annual economic impact of \$3.2 billion and serves more than 47,000 students. The USF System is a member of the Big East Athletic Conference.

ABOUT USF

Founded in 1956, the University of South Florida opened its doors in 1960 to 2,000 students. Since then, USF has achieved distinction in all areas — academics, sports, research and funding. USF, including USF Health, is located in northeast Tampa, a vibrant metropolitan area. The University serves more than 40,000 students and offers 230 degree programs at the undergraduate, graduate, specialists and doctoral levels, including the doctor of medicine.

USF comprises 12 colleges: Arts & Sciences, Behavioral & Community Sciences, Business, Education, Engineering, Honors, Marine Science, Medicine, Nursing, Pharmacy, Public Health, and The Arts. It is the largest and most comprehensive institution of the USF System and the only institution offering doctoral degrees. USF offers an Honors College for high-ability students, an extensive study abroad and internship program, interdisciplinary research opportunities, and a Center for Global Solutions that enables students to address real-world challenges affecting communities around the world. USF offers specialized academic guidance services for veterans taking advantage of

the Post-9/11 Veterans Education Bill.

With more than 2,000 faculty members from some of the world's most prestigious universities and research institutions, USF is the university chosen by many of the nation's brightest students. Students come to USF from every state, every U.S. territory, and 157 countries around the world. Thirty-five percent of the student body is African American, Hispanic, Asian, Asian/Pacific Islander, Native American or other ethnicity. USF is included in the *2010 Hispanic Outlook in Higher Education's* annual list of the top 100 U.S. institutions that conferred the most college degrees on Hispanic students.

USF is included in the *2010 Princeton Review* "Best 371 Colleges" listing of the country's best institutions for undergraduate education. Only about 15 percent of America's 2,500 four-year colleges (and two Canadian colleges) are profiled in this ranking. In 2010, *The Princeton Review* also ranked USF as one of the nation's 50 "Best Value" public colleges and universities.

Research and innovation at USF is focused on creating local, national and global solutions to society's most difficult problems. With a strong focus in medical treatment and research, bioengineering, life sciences, and the arts, USF is one of Florida's top three research universities and the USF System was awarded nearly \$394.1 million in research contracts and grants during the 2009/2010 fiscal year. USF's federal funds for academic research and development increased 213 percent from 2000 to 2007. According to the Chronicle of Higher Education, no other American university grew its federal research funding at a faster rate than USF.

USF is one of only three Florida public universities classified by the Carnegie Foundation for the Advancement of Teaching in the top tier of research universities (RU/VH), a distinction attained by only 2.2 percent of all universities. The University is also one of only 25 public research universities nationwide that holds both a RU/VH and community engaged designation by the Carnegie Foundation. USF is included in the 2009 President's Higher Education Community Service Honor Roll, the highest federal recognition a school can achieve for its commitment to service-learning and civic engagement.

A member of the BIG EAST Athletic Conference, USF competes with NCAA Division 1 Conference rivals in 17 varsity sports. The men's soccer team earned the 2008 BIG EAST championship title, men's tennis earned the 2009 BIG EAST title and women's basketball the 2009 WNIT championship. The USF Bulls excel on the field and in the classroom, with 162 student-athletes named to the 2009-2010 BIG EAST All-Academic Team.
