ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

OFFICE OF ADMISSIONS

Location/Phone: Student Services Building (SVC) 1036; (813) 974-3350

Website: <http://www.usf.edu/admissions/>

The Office of Admissions assists prospective students with learning about the opportunities available to them at the University of South Florida. The Office is responsible for processing applications for admission for undergraduate students-- first time in college (FTIC), transfer, and former students returning (FSR). Further, admissions reviews transfer credit completed at other regionally accredited institutions for determination of transferability to the University. Admission to the University of South Florida requires evidence of ability to successfully complete academic work, the capacity to think creatively, and strong motivation. The minimum admission requirements are designed to help identify applicants whose academic background indicates the potential for success at USF; however, achieving minimum admission requirements does not guarantee acceptance. The admission of new students at all levels is on a selective basis within curricular, space, and fiscal limitations. The selection process may include such factors as grades, test scores, date of application completion, the pattern of courses completed, educational objectives, past conduct, school recommendations, personal recommendations, and portfolios. Preference for admission in any term will be given to those applicants whose credentials indicate the greatest promise of academic success. The University encourages applications for admission from all qualified applicants and does not discriminate based on race, color, marital status, sex, religion, national origin, disability, age, sexual orientation, veteran status, genetic information and gender identity and expression, or as otherwise prohibited by state or federal law, in the admission process. Students offered admissions to USF in accordance with the mission and goals of the University and within enrollment limitations established by the Department of Education, State University System of Florida and the Florida Legislature.

APPLYING FOR ADMISSION

Obtaining an Application

The University of South Florida strongly encourages all interested applicants to apply online and submit the \$30 (in U.S. Currency), nonrefundable application fee. The online undergraduate admissions application may be found on the Office of Admissions web page at <http://www.usf.edu/admissions/>.

When to Apply

Applications for admission are accepted as early as nine months before the requested entry term. Applications for admission and the non-refundable application fee should be submitted by the preferred deadline date for the requested entry term or by the application deadline for the requested degree program (see specific programs in this catalog), whichever is earlier.

Who Should Apply

An application for admission must be submitted by all students who have not been admitted to and enrolled in a USF degree program within the last three terms. Former or continuing USF degree-seeking students must file another application for admission when applying for a second-degree program, another level of study or readmission (see Readmission). Any previously enrolled student will be required to pay the \$30 application fee. Documents submitted requesting a waiver of the \$30 application fee are considered by the Director for Admissions based upon the determination that the payment of this fee creates a documented severe financial hardship and serves as a deterrent submitting the application.

Changing Requested Term of Entry

Applicants may update their application for admission for up to one year from the originally requested term of admission. All requests for changes of entry term must specify any academic work attempted that was not reflected on the original application and must be received by the appropriate published application deadline for the new term of entry or degree program specified whichever is earlier. Additionally, any issues related to criminal or academic misconduct that was not reflected on the initial application must be reported in writing to the Office of Admissions. A new application and fee must be submitted when applicants wish to be considered for admission for a term that begins more than twelve months after the originally requested entry term.

An applicant who requests a new entry term must meet the admissions requirements in effect for the new term requested. Entry for some programs is limited to specified terms.

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

GENERAL ADMISSION POLICIES

Transcripts and Other Admission Documents

All official transcripts, test scores, and any other required credentials must be received directly from the issuing agencies. It is the applicant's responsibility to initiate the request for credentials to the issuing agencies and to assure their receipt by the Office of Admissions. (See "Minimum Requirements for Admission" below for information concerning required documentation). Official transcripts from all previous institutions are required.

All credentials and documents submitted become the property of USF. The originals or copies of the originals will not be returned to the applicant or forwarded to another institution, agency, or person.

Provisional Admission

An applicant admitted on a provisional basis must submit the requested missing credentials, such as official final transcripts or test scores, which confirm eligibility for admission before a second registration will be permitted.

USF System Admission Criteria vs. Differential Admission Criteria

Undergraduate students are admitted to USF based on system admission criteria. Differential admission criteria, which are higher than the system admission criteria, are required for admission to USF. Students admitted to USF St. Petersburg or USF Sarasota-Manatee institutions who do not meet the differential criteria are restricted from changing their home institution or registering for courses offered by USF.

Students may apply to have the registration restriction removed, which will allow the students to take courses offered by any USF institution when they have a cumulative postsecondary GPA that meets the current transfer admission criteria for USF's Tampa campus.

A freshman who does not meet the differential admission criteria must earn at least 30 of which must be earned at USF and not through dual enrollment, AP, AICE or IB exam credit and have a 3.0 cumulative GPA. A transfer student who does not meet the differential admission criteria must have earned at least 60 credit hours with a 2.3 cumulative GPA. Any exceptions must be requested on a course-by-course basis and will be approved only when the course is required for on-time progression toward degree for the student. Requests for exceptions must be initiated through the academic advisor at the home institution and must be approved by the Dean of the appropriate college at USF.

Admission Denials

Receipt of final official credentials that fail to substantiate eligibility will result in rescission of admission and denial of continued enrollment in subsequent terms.

An undergraduate applicant who is denied admission may be eligible to appeal and will be advised of applicable appeal procedures by the Office of Admissions.

An application for admission or a residency declaration submitted by or on behalf of a student that contains false, fraudulent, or incomplete statements may result in denial of admission, further registration and/or degrees awarded.

The University may refuse admission to a student whose record shows previous misconduct not in the best interest of citizens of the University community.

Required Proof of Immunity

See the Immunization Policy located in the Registration section of the catalog.

Required Orientation

Office of Orientation:

Location/Phone: John & Grace Allen Building (ALN) 102, (813) 974-3060;

Web Address: www.usf.edu/orientation

Prior to beginning classes, all new undergraduate students (first year and transfer) are *required* to participate in Orientation at the USF campus to which they are admitted. Orientation sessions are designed to assist new students with their transition into the University. During the University Orientation students are made aware of the following: college overviews and requirements for their degree program; general University policies and services; and student activities and campus life. In addition, academic advising and registration for classes are all part of the orientation process.

All new students will receive Orientation information after admission. It is in the best interest of the student to schedule their Orientation as early as possible. Also, it is important to remember that a student will not be permitted to attend USF without having attended an Orientation session prior to the first day of classes.

First Year students admitted for the summer or fall terms are required to stay overnight in a campus residence hall. Families and guests of all new undergraduate students (first year and transfer) will experience a separate orientation program, which runs concurrently with the student program. Sessions are scheduled prior to each term in an academic year.

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

Limited Access Programs

Undergraduates seeking entrance to limited access degree programs must meet special program requirements in addition to requirements for admission to the University. While many limited access programs admit students only at the junior level, some programs admit students for the freshman or sophomore years. The admission criteria and procedures for limited access programs at USF furnish equal access to A.A. degree holders from Florida public colleges, transfers from other SUS institutions and USF students of equivalent status. Transfer applicants with 60 or more transferable semester hours who are seeking admission to limited access programs must meet the grade point average requirement specified by the program to be eligible for admission to USF. Transfer applicants with 30 to 59 transferable semester hours who are seeking admission to certain limited access programs such as Nursing may be required to meet a higher transfer grade point average requirement that would allow eventual admission to those particular degree programs.

USF, with approval of the Board of Governors and the Articulation Coordinating Committee, has established the following undergraduate programs as limited access: *Mass Communications* in the College of Arts and Sciences; *Social Work* in the College of Behavioral and Community Sciences; *all degree programs* in the College of Business; *Exercise Science and Physical Education* in the College of Education; *all degree programs* in the College of Nursing; and the *B.F.A. and B.A. in Dance* in the College of the Arts. The admissions requirements for these degree programs may be found with other program information in appropriate sections of this catalog.

MINIMUM REQUIREMENTS FOR ADMISSION

Freshman Applicants - BOG Regulation 6.002

To be considered for admission, freshman (First Time in College) applicants must submit a USF Application for Admission, a non-refundable \$30 application fee, an official high school transcript, official GED scores if applicable, SAT or ACT scores, , and a IELTS or TOEFL scores, if applicable.

Although USF has minimum freshman admission requirements, meeting these minimum standards does not guarantee admission. Applicants selected for admission usually exceed the eligibility requirements; however, USF also considers applicants who do not fully meet minimum requirements but who have important attributes, special talents or unique circumstances that may contribute to a representative and diverse student body. These freshman applicants are considered for admission by a faculty committee on the basis of other appropriate evidence of ability to do successful academic work at USF.

For purposes of admission, USF recalculates a high school grade point average (GPA) based on grades earned in all college preparatory academic courses. In recalculating a GPA, USF assigns additional weights to grades earned in honors, Dual Enrollment, Advanced Placement courses, International Baccalaureate courses, and Advanced International Certificate of Education courses (provided the grade earned is C or above).

The University requires a diploma from a Florida public or a regionally accredited high school or the state-approved General Education Development (GED) diploma. Students admitted under the Early Admission Program are exempted from this requirement. Students who are participating in an approved home schooling program are expected to provide acceptable copies of annual evaluations for the equivalent of grades 9 through 12. A portfolio or additional documentation may be requested if deemed necessary to complete an appropriate evaluation for admission, as well as, appropriate alternative evidence of academic achievement, ability, motivation, and responsibility (example: dual enrollment, AP credit). Other minimum requirements are outlined below.

1. Freshman applicants must submit an official test score from the SAT or the ACT. Students with test scores from older versions of the admissions test(s) may be required to retest for admission purposes. Effective with Spring 2017 applications, the writing score is no longer required.
2. For freshman applicants earning a high school diploma, the following college preparatory academic units (year-long courses or equivalents) normally offered in grades nine through twelve are required:
 - four units of English (three of the four must incorporate substantial writing requirements);
 - four units of mathematics (Algebra I and above);
 - three units of natural sciences (two of the three must incorporate substantial laboratory requirements);
 - three units of social sciences (history, civics, political science, economics, sociology, psychology, and geography);
 - two units of the same foreign language; and
 - two additional units of academic electives.
3. The University sets admission requirements that may be found on the Undergraduate Admissions web homepage. Please refer to <http://www.usf.edu/admissions/freshman/app-requirements> for the current admission requirements. Admission to the University is selective; therefore, meeting requirements does not guarantee admission.

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

4. Applicants submitting a GED diploma must have a minimum of a passing score on each section of the test. Admission to the University is selective; therefore, meeting requirements does not guarantee admission. GED holders must also submit a SAT or ACT.
5. A first-time-in-college applicant whose native language is not English may be required to present a minimum score of 6.5 on the International English Language Testing service exam (IELTS), or a score of 550 (paper-based test) or 79 (Internet-based test) on the Test of English as a Foreign Language (TOEFL), or a score of 53 on the Pearson Test of English Academic. These scores are valid for two years.
6. First-time-in-college applicants seeking admission at the freshman level to a limited access degree program must meet additional requirements specified by the program.
7. If a student has not earned the minimum scores on the SAT or the ACT listed in Florida Board of Governors Regulation 6.008, remedial college preparatory work generally will be required prior to the first term of enrollment at USF. Admission to the University is selective; therefore, meeting these minimum scores does not guarantee admission.
8. Please refer to the International Applicants section for additional requirements for international applicants.

Conditional Offers of Admission

Some applicants may be offered admission to the University of South Florida with the condition that they enroll in an alternate term and/or program that differs from that requested on the application for admission, or that they meet the conditions outlined in the acceptance offer. For example, a freshman applicant may be offered admission to the summer or spring term due to enrollment limits and/or admission criteria. Continued enrollment is contingent on meeting all conditions of admission. Please refer to General Admission Policies section for information on differential admission criteria at the USF System.

USF Admissions Deposit - BOG Regulation 6.004

Freshmen admitted to the University of South Florida are required to submit a \$200 non-refundable admission deposit by May 1 for either summer or fall, or by December 1 for spring admission.

The admission deposit will be credited to the student's account and applied toward their first-semester tuition. The admission deposit will be waived for admitted freshmen who demonstrate significant financial need on a FAFSA (Free Application for Federal Student Aid) submitted by USF's priority deadline.

Admitted freshmen are encouraged to pay the deposit online via OASIS (USF's Online Access Student Information System). Online payment is the University's preferred payment method. Checks and money orders submitted to the Cashier's Office (SVC 1039) are also acceptable forms of payment.

Undergraduate Transfer Applicants - BOG Regulation 6.004

Applicants with fewer than 60 transferrable semester credits are considered lower-level transfers; upper-level transfers are those with 60 or more transferrable semester credits (see below). Regardless of category, grade point averages (GPA) for purpose of admission will be computed based only on grades earned in courses that are acceptable for transfer credit and as calculated by USF.

Beginning with the Fall term, 2010, transfer applicants may be required to meet a minimum successful course completion ratio as well as any additional requirements. The completion ratio is determined by the number of credit hours passed compared to the number of credit hours attempted. For the current percentage required for admission, please consult the transfer admissions web page at <http://usfweb2.usf.edu/Admissions/>

USF requires all transfers with 60+ transferable hours—including A.A. transfers from Florida colleges—to meet the GPA requirement for their intended major. Applicants for Business and Education must have a 2.50 transfer GPA; applicants for Mass Communications and Social Work must have a 2.75; applicants for Architecture must have a 3.00; and, applicants for Nursing must have a 2.5 with an A.S. in Nursing or a 3.2 with 60+ hours, including an AA degree. Beginning Fall 2013 the Muma College of Business and the Department of Computer Science and Engineering have established a new minimum overall GPA required to satisfy the admission requirement. The minimum overall GPA will range between a 2.5 with a maximum required GPA of a 2.75. Students will be notified through USF's course management system each fall as to the minimum entrance GPA required for the following fall semester.

Meeting minimum requirements does not guarantee admission to USF. In addition, limited access programs may require a higher GPA or completion of specific prerequisites. Transfer admission criteria are subject to change without notice based on space availability. Please refer to General Admission Policies section for information on differential admission criteria at the USF System.

USF accepts transfer credit from institutions that are regionally accredited at the time the credits are earned. Students who transfer from one public institution to another in the State University and Florida College Systems within two (2) years of their matriculation and seek admittance to the upper division come under the common prerequisite requirements of their entering catalog. For example, a student who enters a Florida College System college in Fall 2014 and seeks admittance to an upper division major for Fall 2016 must meet the major common prerequisites listed in the 2014-2015 Common Prerequisite Manual. **However, if the student does not seek admittance within two years of**

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

his or her matriculation, he or she will come under the manual dated two years prior to transfer. For example, if the student enters in Fall 201, but does not transfer until Fall 2015, he or she must meet the requirements of the 2013-2014 Manual.

USF accepts transfer credits, without a course by course evaluation of the prior coursework, only from institutions that are accredited by one of the regional accrediting agencies/commissions recognized by USF at the time the credits are earned (See Evaluation of Transfer Credit). Courses approved for academic transfer by the Statewide Course Numbering System (SCNS) from non-regionally accredited institutions will be considered for transfer credit the same as credits from regionally accredited institutions if the course is offered by USF. All credits earned during the period of time a regionally accredited institution was in a "candidacy" status for accreditation are considered for transfer credit. Credits earned at an institution that is currently in "candidacy" status will not be considered for transfer credit until such time as the awarding institution receives full regional accreditation. For an applicant applying from a non-regionally accredited school, the admissions decision will be based on prior work at a regionally accredited institution or on the transferrable work completed at a non-regionally accredited institution as approved by SCNS. If all post-secondary work is from a non-regionally accredited school, not including SCNS approved coursework, the evaluation will be based on the high school record and test scores and the applicant will be regarded as a freshman for purposes of admission.

USF reserves the right to evaluate specific courses and deny transfer credit. USF does not award transfer credit that is determined to be occupational or vocational in nature except that transfer credit specifically approved as part of the Bachelor of Science in Applied Science program or approved by the academic department of the student's major.

Lower-Level Transfer Applicants (12 to 59 transferable semester credits)

To be considered for admission, transfer applicants with fewer than 60 transferable semester credits must submit a USF Admissions Application. Also, the applicant must submit a \$30 non-refundable application fee, an official transcript from each previous college attended, an official high school transcript, official GED scores if applicable, official SAT or ACT scores, and a IELTS or TOEFL score if applicable.

Lower-level transfer applicants who will enter USF with 12-59 transferable semester credits must minimally meet the following requirements to be considered for admission in good standing; however, satisfying these minimum requirements does not guarantee admission.

1. Have an overall 2.5 average GPA, as calculated by USF;
2. Be in good standing and eligible to return to the last regionally accredited institution attended;
3. Applicants with less than 30 transferable semester hours must satisfy fully all freshman admissions standards as described in the previous section entitled "Freshman Applicants."
4. Applicants with 30 or more transferable semester hours must have successfully completed (C or higher) at least one English Composition course and one college level mathematics course that consists of three (3) semester credit hours. High school transcripts are required to demonstrate completion of the foreign language admission requirement. Students not meeting these requirements must meet the requirements for transfer students with less than 30 transferable semester hours and satisfy fully all freshman admissions standards.
5. Complete (with passing grades) a foreign language in high school at the second level or higher or a post-secondary foreign language course at the second level or higher.
6. If applicable, present a minimum score of 550 (paper-based test), or 79 (Internet-based test) on the Test of English as a Foreign Language (TOEFL) or 5 on the IELTS, or a score of 53 on the Pearson Test of English Academic. These scores are valid for two years if the applicant's native language is not English.
7. Transfer applicants whose transcripts demonstrate an unsatisfactory course completion ratio will be denied admission to USF Tampa. For the current percentage required for admission, please consult the transfer admissions web page at <http://www.usf.edu/admissions/transfer/index.aspx>.
8. Please refer to the International Applicants section for additional requirements for international applicants.

USF also considers applicants who do not fully meet the minimum requirements as stated in #1 and #2 above but who have important attributes, special talents, or unique circumstances that may contribute to a representative and diverse student body. These undergraduate transfer applicants are considered for admission by a faculty committee on the basis of other appropriate evidence of promise for academic success. These applicants should also submit appropriate alternative evidence of academic achievement, ability, motivation, and responsibility that supports the potential for academic success at USF.

Upper-Level Transfer Applicants (60 or more transferable semester credits)

To be considered for admission, transfer applicants with 60 or more transferable semester credits must submit a USF application for admission, a non-refundable application fee, an official transcript from each previous college attended, and a TOEFL or IELTS score if applicable. Final transcripts with any degree awarded, or a minimum of 60 semester hours of transferable credit earned prior to initial enrollment at USF, must be submitted to determine final admissions eligibility.

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

Any transfer student with 60 or more semester hours who designates a desire for admission to a limited access undergraduate program must meet the overall admission GPA criteria of that program in order to be admitted to the University.

For further information regarding Upper-Level Transfer admissions requirements, visit <http://usfweb2.usf.edu/Admissions/upper-level-transfer-requirements.html>.

Undergraduate transfer applicants who have earned the A.A. degree from a Florida College System institution and SUS Universities will be considered for admission according to Florida Board of Governors regulation 6.004.

Undergraduate transfer students who have not earned the A.A. degree from a Florida public institution (State University System or Florida College System) or who have attended another college after receipt of the A.A. must minimally meet the following requirements to be considered for admission; however, satisfying these minimum requirements does not guarantee admission:

1. Be in good standing and eligible to return to the last regionally accredited institution attended as a degree-seeking student or a non-regionally accredited institution participating in the SCNS with SCNS approved transferable credits.
2. Have an overall "B-" average as calculated by USF (transfer GPA of 5 on a 4.0 scale) in all college-level courses acceptable for transfer credit to USF Tampa (in calculation of the GPA, incomplete grades are computed as failures and course "repeats" are not forgiven when the courses are repeated at different institutions.)
3. Complete (with passing grades) a foreign language in high school at the second level or higher or a post-secondary foreign language course at the second level or higher.
4. Meet the minimum grade point average required by the program if entering a limited access program and transferring 60 or more semester hours.
5. If applicable, present a minimum score of 550 (paper based) or 79 (Internet-based test) on the Test of English as a Foreign Language (TOEFL), or 6.5 on the IELTS, or a score of 53 on the Pearson Test of English Academic. These scores are valid for two years..
6. Transfer applicants whose transcripts demonstrate an unsatisfactory course completion ratio (including applicants with an Associate in Arts degree) will be denied admission to USF Tampa. For the current percentage required for admission, please consult the transfer admissions web page at <http://www.usf.edu/admissions/transfer/index.aspx>.
7. Please refer to the International Applicants section for additional requirements for international applicants.

USF also considers applicants who do not fully meet the minimum requirements as stated in #1 and #2 above but who have important attributes, special talents or unique circumstances that may contribute to a representative and diverse student body. These undergraduate transfer applicants are considered for admission by a faculty committee on the basis of other appropriate evidence of promise for academic success. These applicants should also submit appropriate alternative evidence of academic achievement, ability, motivation and responsibility that indicates a potential for academic success at USF.

Evaluation of Transfer Credit

1. The receipt and evaluation of transfer credit is the responsibility of the Office of Admissions. The Office of Admissions will evaluate the acceptability of total credits transferable to the University. The college of the student's major will assign equivalent courses in determining which courses are applicable toward a specific degree at the University. In some instances, exact course equivalents will also be determined by other colleges that offer the same or similar courses as part of their programs of study. Transfer students should be prepared with personal copies of their transcripts of all past course work to discuss advisement and placement with the appropriate academic advisor and should contact the college of their major soon after registration so that an official evaluation may be completed. Transfer students from non-Florida institutions should also be prepared to submit course syllabi to assist USF faculty in the official evaluation.
2. USF will consider credits only from those institutions accredited by one of the regional accrediting agencies/commissions* at the time the credits are earned. (See * below for agencies recognized by USF.) Credits earned at an institution that is currently in "candidacy" status will not be considered for transfer credit until such time as the awarding institution receives full accreditation. Courses approved for transfer by the Statewide Course Numbering System (SCNS) from non-regionally accredited institutions will be considered for transfer credit the same as credits from regionally accredited institutions if the course is offered at USF.
3. Admitted students who wish to transfer courses from colleges or universities that are accredited by organizations and associations other than regional accrediting associations may request a review of those courses by contacting their academic advisors to initiate the process. Students will be asked to submit detailed information about the content and standards for each course to be reviewed, including, but not limited to a detailed syllabus that contains the course description, prerequisites and co-requisites, major learning outcomes, textbooks, and the academic qualifications of the instructor. These materials will be submitted to the appropriate department and the office of Undergraduate Studies for review by the faculty and the process

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

make take some time, during which no credit will be awarded until the department review is completed. Only those courses that appear to match courses currently offered by the university will be reviewed for transfer.

4. USF reserves the right to deny credit for specific courses. USF does not award transfer credit from institutions that it determines to be occupational, college preparatory/remedial, or vocational in nature, or for other reasons as determined by the Office of Articulation, except for work that is specifically approved as part of the Bachelor of Science in Applied Science program or approved by the academic department of the student's major.
5. Associate of Arts (A.A.) degree holders from Florida public accredited institutions will be considered as having met USF general distribution requirements and are automatically awarded 60 semester hours of credit. A course-by-course transfer credit evaluation will be done for all out-of-state and private in-state A.A. degree holders.
6. All courses from a Florida College System Institution/University bearing the same State Common Course prefix and last three numbers as a USF course are automatically transferred and transfer students may not be required to repeat these courses, unless a college age-of-record policy is involved. That same automatic transferability of credits applies to courses completed at non-regionally accredited institutions that have been specifically approved by the SCNS. Excluded are graduate courses, studio courses in art, internships, practicums, and performing arts courses such as dance, theater performance, voice, and instrumental music.
7. All undergraduate degree programs at USF require a minimum of 42 hours of upper-level work that would have been completed at a four-year college or university. This policy does not affect approved articulated programs based on the A.S. degree. For information regarding specific articulated A.S. degree programs, consult the Office of Undergraduate Studies, B.S.A.S. Program.
8. Credit will not be awarded for GED tests.
9. Military service-school courses will be evaluated with reference to the recommendation of the American Council of Education when official credentials have been presented. Such recommendation, however, is not binding upon the University.
10. For ROTC and military science courses taken after Fall Quarter 1975, the maximum credit will vary with each college. A student must confer with his/her college advisor to determine the acceptability for his/her major. ROTC and military science courses taken prior to Fall 1975 are not acceptable for transfer credit.
11. A maximum of 45 semester hours of College Level Examination Program (subject and general examinations) credits can be accepted for transfer credit.
12. A maximum of 30 semester hours of extension, correspondence, and military service education credits can be applied toward a degree.
13. Grades earned in transferred courses are not computed in the student's USF GPA except for the purposes of admission to limited access programs, the awarding of honors at graduation, and class ranking of baccalaureate students.
14. International postsecondary credentials must be evaluated by an independent evaluation service, with associated costs to be paid by the student. Certain foreign credentials can be evaluated internally and do not require an independent evaluation.
15. A continuously-enrolled USF degree-seeking student must obtain prior written approval from the college of the student's major in order for courses taken at other regionally-accredited institutions to be applied to the USF degree program.

*Accrediting Agencies/Commissions: New England Association of Schools and Colleges, Commission on Institutions of Higher Learning; Middle States Association of Colleges and Secondary Schools, Commission on Higher Education; North Central Association of Colleges and Schools; Northwest Association of Schools and Colleges; Southern Association of Colleges and Schools, Commission on Colleges; Western Association of Schools and Colleges, Accrediting Commission for Senior Colleges and Accrediting Commission for Junior Colleges.

International Applicants (non-resident aliens)

An international applicant (non-resident alien) must meet all admission requirements for the appropriate applicant category (freshman, undergraduate transfer, graduate).

An applicant whose native language is not English may be required to document English proficiency. This requirement can be met via:

- Minimum score of 6.5 on the International English Language Testing service exam (IELTS)
- Minimum score of 550 (paper-based test) or 79 (Internet-based test) on the Test of English as a Foreign Language (TOEFL)
- Minimum score of 53 on the Pearson Test of English Academic (PTE-A)
- Completion of the articulated equivalent of ENC 1101 - English Composition I with a grade of C or better

Some post-secondary international credentials may be evaluated by the Office for International Admissions, while others may require an official course-by-course evaluation completed by an independent credential evaluation service, with associated costs to be paid by the student.

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

Transient Applicants

An undergraduate transient student is one who comes to the University from another regionally accredited institution and wishes to take courses at USF for one term only before returning to the parent institution. Transient students may enroll at USF as non-degree-seeking students. (See Non-Degree-Seeking Students.)

UNIVERSITY SCHOLARSHIPS & FINANCIAL AID SERVICES

Location/Phone: Student Services Building (SVC) 1102, (813) 974-4700

Web Addresses: Financial Aid Web: <http://www.usf.edu/financial-aid/>; FAFSA Web: <https://fafsa.ed.gov/>

USF makes every effort to ensure that all qualified students have access to an education. All student financial aid programs are administered or coordinated through University Scholarships & Financial Aid Services (USFAS).

USFAS's web site provides step-by-step guidance through the financial aid application process. USF's Online Access Student Information System (OASIS Web) allows students to monitor the status of their financial aid from application to disbursement of funds.

All students wishing to receive financial aid are encouraged to start the financial aid process as early as possible. The first step is to complete and submit the Free Application for Federal Student Aid (FAFSA) online. For more detailed guidance and information, log onto the USFAS website <http://www.usf.edu/financial-aid/> or stop by University Scholarships & Financial Aid Services.

HONORS COLLEGE

The USF Honors College on the Tampa campus is primarily designed for high achieving first-time-in-college students (FTICs); however, Honors also accepts continuing USF and transfer students. Honors College experiences are grounded in the liberal arts tradition and are intended for students regardless of major. The primary goals of the Honors College are to develop superior critical thinking skills through intensive research and interdisciplinary learning, foster a nuanced global perspective on contemporary issues through an internationalized curriculum and meaningful study abroad experiences, and encourage a rich understanding of social concerns through structured community engagement projects. (See complete description under "Honors College.") Many scholarships are available exclusively to Honors College students.

Admission to the Honors College is determined by the Dean of the College.

- FTIC students are invited to join the College if they present at least a 4.0 USF recalculated weighted academic high school GPA, and a 1400 two-part SAT or a 30 composite ACT score.
- FTIC students presenting a 3.8 and either a 29 ACT or 1360 two-part SAT will be invited to apply for admission to the College.
- Students not admitted as FTIC, as well as transfer students, may apply for admission after completing 30 college credits with a 3.5 GPA.
- Students may also be admitted by petition to the Dean.

Departmental Honors opportunities are available in select departments; requirements vary according to department. Students may enroll in both the Honors College and Departmental Honors programs.

Students who satisfactorily complete the Honors College requirements and graduate with an overall GPA of 3.25 or above and a USF GPA of 3.25 or above (all course attempts are included in the Honors GPA) shall be identified as Honors College graduates on their diplomas and transcripts, and at the Honors College Graduation Ceremony.

OPPORTUNITIES FOR ACCELERATED PROGRESS TOWARD UNDERGRADUATE DEGREES

USF provides several options by which students may accelerate their progress toward completing the baccalaureate degree. These options recognize knowledge which has been acquired prior to or during attendance at USF and provide the opportunity to earn University credit. Options which may be utilized to accelerate progress include the following:

1. Recognition of satisfactory performance on standardized tests offered through recognized examination programs. See <http://ugs.usf.edu/credit-by-exam/> for a complete listing of exams and course equivalencies.
2. Recognition of satisfactory performance on tests offered through Advanced Placement Programs of the College Entrance Examination Board (see Advanced Placement Credit Programs).
3. Recognition of the International Baccalaureate Diploma Program. Students who earn the IB Diploma will be awarded 30 semester hours of college credit and sophomore standing. Credit for standard level exams with a score of 4 or higher may be awarded to those students who do not earn the IB diploma.
4. Dual enrollment as a non-degree-seeking student at USF or a community college prior to graduation from high school (see Dual Enrollment [Public/Private High/Home School]). Florida College System students should follow eligibility criteria for non-degree seeking students (below).
5. Early admission for high school students (see Early Admission Freshmen).
6. Courses completed through USF Distance Learning. See: <http://www.usf.edu/innovative-education/programs/online-programs/courses.aspx>.

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

7. Courses completed through the Florida Distance Learning Consortium. See <https://www.floridashines.org/>.

8. Courses completed through the [State University System Correspondence Study program](#).

Credits may be earned through a combination of the above options. Students should contact their college advisors for further information concerning the application of this credit toward their degree requirements.

Internal processes (such as auditions, portfolio reviews, and placement tests) utilized in the various departments for the sole purpose of determining a student's most appropriate area, level, or section placement in a program of study are not to be construed as examining mechanisms for the granting of credit.

NON-DEGREE SEEKING STUDENT

Non-degree seeking student enrollment is on a space-available basis and has been established for those individuals who, while not desirous of earning a degree, would like to enroll in all levels of university courses. Teachers needing to take courses for certification purposes, high school students (with the permission of their respective guidance counselor), individuals desirous of taking courses for self-enrichment, and senior citizens are examples of those eligible to utilize this enrollment method. Senior citizens only are absolved from paying the \$30 non-refundable application processing fee.

Former USF undergraduate degree-seeking students may only enroll as non-degree seeking students if they have completed their previous degree program or earned an equivalent degree at another institution. Should the latter be the case, an official transcript (reflecting the degree) from that institution must be sent to the USF Office of the Registrar (Attention: Registration and Records Area) prior to registration.

Applicants denied undergraduate admission to USF as degree-seeking students will not be permitted to enroll as non-degree-seeking students, unless the degree-seeking admission denial was more than five years prior to the application to be a non-degree seeking student. In this case, the hold will be overridden to allow a potential non-degree seeking student. Any applicant denied undergraduate, degree-seeking admission who currently attends a Florida State University System institution, will have the hold overridden, providing an approved transient application from the current Florida State University System institution is received by USF.

Performance in courses taken in this category will not qualify an applicant for admission as a degree-seeking student. Similarly, courses taken as a non-degree-seeking student will not be utilized in determining an applicant's grade point average for purposes of admission.

A non-degree-seeking student who has been dismissed from USF is not eligible for admission to USF as a degree-seeking student at the undergraduate level and may not petition using the ARC Reinstatement process. If extenuating circumstances contributed to the academic dismissal and the student meets other admissions requirements, a request for waiver of this rule may be submitted to the Faculty Committee on Student Admissions. This rule does not apply to a student who has earned a degree from a regionally accredited institution subsequent to academic dismissal.

Individuals enrolling as non-degree seeking students who plan to make formal degree-seeking application to the University may not apply more than 14 semester hours toward an undergraduate degree unless enrolled in a Pathways program offered through INTO USF or other approved program. Students earning a second baccalaureate degree or enrolling in an approved program may request an exception for transfer of additional USF non-degree credit hours through the Dean's Office in the Office of Undergraduate Studies.

Non-degree seeking students who have not enrolled in USF within three terms of admission must file another non-degree application and pay another non-refundable application fee when applying for readmission.

Non-degree-seeking students are subject to the same academic policies as undergraduate degree-seeking students and must adhere to deadline dates published in the University Catalog. Non-degree seeking students are not eligible to receive University honors or participate in the USF/Florida College System cross-registration program. Non-degree-seeking students also are not eligible to live in University housing or receive financial aid. Non-degree seeking students are subject to the academic probation and dismissal policy listed in this catalog. Non-degree seeking students who are academically dismissed from the University may appeal to the Academic Regulations Committee (ARC) through the ARC representative in the [Office of Academic Advocacy](#). Potential non-degree seeking students should also refer to the section of the catalog of the college(s) offering the course(s) of interest to them to determine whether any special college requirements exist which must be met prior to enrolling.

EARLY ADMISSION (PUBLIC/PRIVATE HIGH/HOME SCHOOL)

Through early admission, highly capable, mature high school students enrolled in a strong college-preparatory curriculum may enter the University as regularly enrolled, degree-seeking students prior to graduation from high school.

Students in the Early Admission program must take courses that are creditable toward the high school diploma and the associate or baccalaureate degree. Since Early Admission is a dual enrollment program, an agreement between USF and the student's school or district must be in place prior to participation. More information may be found at <http://www.usf.edu/honors/prospective-students/index.aspx>.

Prospective applicants must:

- a. have completed the equivalent of the junior year of high school, requiring one more year to complete requirements for the high school diploma;

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

- b. typically have a 1300 on the Mathematics and Critical Reading sections of the SAT, with no less than 580 on either section; or a 29 on the ACT with no less than a score of 29 on English, 21 on the Reading, and 21 on Mathematics; and a 3.8 weighed high school grade point average (computed by USF); and a TOEFL score, if applicable;
- c. meet regular USF admission criteria for degree-seeking undergraduate students;
- d. an interview may be requested by the Early Admissions Coordinator.

DUAL ENROLLMENT (PUBLIC/PRIVATE HIGH/HOME SCHOOL)

Dual enrollment in USF classes is open to academically qualified students currently enrolled in public/private high schools and home schools who are recommended by their guidance counselor or principal. Dual enrollment students are non-degree-seeking students at USF and may only take courses which are creditable toward their high school diploma.

Students wishing to be accepted as Dual Enrollment students at the University of South Florida must:

1. Be at least 16 years old at the start of term, unless enrolled in a special summer program initiated by USF or a special course section involving only dual enrollment students;
2. Have proof of a minimum of 500 on SAT V (Critical Reading) and 500 on SAT Q (Mathematics); or a score of 21 on EACT English, 18 on EACT Reading and a score of 21 on EACT Mathematics; or appropriate placement test scores; and a TOEFL score, if applicable;
3. Have (a) completed the equivalent of the sophomore year, (b) students typically present a 3.5 grade point average or higher on a 4.0 scale (as calculated by USF), and (c) satisfied any course prerequisites; and
4. Provide courses and the number of credits necessary to complete a high school diploma/program from the school counselor or principal on school stationery or district form;
5. Need college-level courses that are not offered at the local community or state college.

Early Admission (for High School Seniors who wish to have degree-seeking status at USF) applicants must meet Honors College eligibility criteria. We limit participation in the Early Admission program to students who have completed a minimum of six semesters of full-time secondary enrollment, including studies undertaken in the ninth grade. In addition, Early Admission applicants should be enrolled in a strong college preparatory curriculum. Students interested in these opportunities should contact the Honors College (813-974-3087) or visit the [Early Admission](#) or [Dual Enrollment](#) websites.

READMISSION (FORMER STUDENT RETURNING)

A former student returning (FSR) is any degree-seeking undergraduate student who has not earned his/her degree, who has not been enrolled at USF in any of the last three terms, and who wishes to re-enroll in the University. In order to be considered for readmission, a former student should file a new application for admission with the Office of Undergraduate Admissions at least 20 business days prior to the start of classes for the term of requested re-entry. A new \$30 application fee is required. (Former College of Education majors must contact the College of Education Advising Office for additional readmission requirements.)

The residency declaration must be completed and residency status will be reassessed.

To be readmitted, a student must meet the following requirements:

1. Have a USF GPA of at least 2.00. Former students returning with a USF GPA below 2.00 may only return to USF under Academic Renewal I or II.
2. Be in good standing and eligible to return to the last institution attended as a degree-seeking student; and
3. Have achieved a GPA of at least 2.0 as calculated by USF on a 4.0 scale on all college-level academic courses attempted at institution(s) attended since last enrolled at USF, and meet the minimum GPA for the declared major.
4. If previously enrolled at USF and academically dismissed at the end of the last term of enrollment, a student must file an ARC (Academic Regulations Committee) petition for Academic Renewal I or II in conjunction with the application for readmission.

Students who have attended one or more institutions since their last enrollment must request that official transcripts of all work attempted at the other institution(s) be sent to the USF Office of Admissions. Acceptability of transfer credits toward completion of USF degree programs will be determined by the college of the student's major.

Former students returning who have been readmitted are not *required* to participate in an orientation program. Students must meet with their academic advisor for course selection.

Transient students and non-degree-seeking students are *not* considered former students returning. Former or continuing USF degree-seeking students must file another application for admission and pay the non-refundable \$30 application fee when applying for a second degree program, another level of study or readmission (see Readmission).

A student may not work on a second undergraduate degree if he/she has been accepted into a graduate program.

SENIOR CITIZEN TUITION FEE WAIVER

Florida residents who are 60 years of age or older as of registration day, and have lived in Florida for the last 12 consecutive months, may enroll on a space available basis in certain undergraduate and graduate courses without paying fees. A parking permit, purchased from Parking Services, is required.

The Senior Citizen Tuition Waiver covers a maximum of **twelve** credit hours per term and is applicable only if the student registers for these courses on the designated registration day. Due to the non-degree seeking status, academic credit is not awarded, examinations are not required, and grades are not assigned.

Senior Citizen Registration requests are processed on the first day of the second week of the semester. Students need not be present in order to register; the application and registration worksheet may be submitted by mail or fax, as noted on the forms. Forms submitted after the registration deadline will not be processed.

Many courses require departmental approval, prerequisites, or have other restrictions which may limit registration. You must acquire the necessary permits in advance of registration; a Senior Citizen Audit Registration Worksheet is available to accomplish this. Additionally, the permits must be submitted electronically in OASIS by the issuing department.

Students may not pre-register for courses in which they plan to use the Senior Citizen Tuition Fee Waiver. The waiver will not be processed if a senior citizen pre-registers and then submits a Senior Citizen Tuition Waiver application for those courses.

It is the student's responsibility to complete and submit the waiver application, allowing sufficient time for the application to reach the Office of the Registrar by the registration deadline.

More information about the program can be found at the Office of the Registrar's website, <http://www.usf.edu/registrar/resources/index.aspx>.

FLORIDA COLLEGE SYSTEM

High school graduates planning to start their college education at a Florida College System institution should confer with the guidance counselor and ask that their academic program be planned with the assistance of the USF Undergraduate Catalog that is available at <http://www.ugs.usf.edu/catalogs.php>. This catalog, prepared by the USF Office of Undergraduate Studies, explicitly describes the undergraduate program requirements and Florida's common prerequisites that should be followed to ensure maximum ease of transfer into the students' upper-level programs on a par with their native USF counterparts.

AWARD OF CREDIT FOR MILITARY TRAINING

BOG Regulation 6.013 / USF Regulation 6.0025

Students who are or were eligible members of the United States Armed Forces may earn appropriate college credit for college-level training and education acquired in the military. College credit will be granted to students with military training or coursework that is recognized by the American Council on Education (ACE), subject to institution transfer practices and limitations on amount, level, etc. of transfer credit. Military training or coursework will be subject to the same treatment as any other transfer credit evaluated, with utilization of the ACE *Guide to the Evaluation of Education Experiences in the Armed Services* for determining equivalency and alignment of military coursework with appropriate university courses. If the coursework fulfills a general education or major course or degree requirement, the credit will be granted for meeting that requirement towards graduation. Appropriate course credit may include free elective course credit toward the degree.

Credit that was previously evaluated and awarded by another college-degree granting institution and that is appropriate to the transfer student's major will be accepted, subject to institution transfer limitations. Credit awarded for military education and training will be noted on the transcript and documentation of the credit equivalency evaluation will be maintained. Credit awarded for military education and training will not count in the excess hours fee per BOG Regulation 7.003. Priority course registration will be provided for each veteran of the United States Armed Forces who is receiving {from the} GI Bill.

ARTICULATION AGREEMENT

6A-10.024 Articulation Between and Among Universities, Community Colleges, and School Districts

It is the intent of the Board of Governors and the State Board of Education to facilitate articulation and seamless integration of the education system by agreeing to the provisions of this rule. The authority to adopt and amend this rule aligns with the Constitutional power given the Board of Governors for the state university system and the statutory authority given the State Board of Education for the district school boards, the community college system, and the Department of Education.

State universities and community colleges shall publish with precision and clarity in their official catalogs the admission, course, and prerequisite requirements of the institution, each unit of the institution, each program, and each specialization.

ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

The agreement defines and establishes the Associate of Arts degree from a Florida public state or community college as the basis for all articulation rights. Among these guarantees, the following are central to the transfer process:

ADMISSION INTO THE STATE UNIVERSITY SYSTEM

- A.A. graduates will be granted admission to a university within the SUS, but not necessarily to the university or program of choice.
- A.A. graduates will have the same opportunity to enroll in a university limited access program as the native university student.
- Upon transferring to a state university, A.A. graduates will be awarded at least 60 credit hours towards the baccalaureate degree, exclusive of occupational courses and basic required physical education courses.
- Credits that are part of the A.A. degree earned through articulated acceleration mechanisms, such as dual enrollment, International Baccalaureate, early admission, Advanced Placement and credit by exam, will be transferable to the state university.
- As participants in the Statewide Course Numbering System, receiving institutions must accept all courses taken at the transfer institution if the courses at each institution have the same prefix and the same last three digits of the course number.
- The university catalog in effect the year the A.A. degree student first enrolled at a Florida College System institution will remain in effect for the student's entire program, provided the student maintains continuous enrollment as defined in that catalog.
- Once a student has completed the general education core and this fact is noted on the transcript, regardless of whether or not an A.A. degree is awarded, no other state university or community college to which the student may transfer can require additional courses to the general education core.
- A separate agreement establishes the Associate of Science (A.S.) degree for articulation into specialized programs.
- Included in these transfer guarantees is the right of appeal. Students may appeal to the university and to the Statewide Articulation Coordinating Committee. Students who have questions or want more information about the articulation agreement should contact the Office of Undergraduate Studies.
