Tampa, FL 33612
(813) 974-4051
https://www.usf.edu/undergrad/
ugs-dean@usf.edu

The Office of Undergraduate Studies (UGS) works in partnership with the academic colleges in the development, review and enhancement of the undergraduate programs to assist faculty in providing outstanding undergraduate education for students. The members of the UGS team work with faculty to establish and administer academic policies, assist with undergraduate curriculum development and review, and support proposals for new and revised programs and courses through the various approval processes. In addition to assisting with the academic programs offered by the colleges, Undergraduate Studies offers a number of academic programs.

Undergraduate Studies provides strong set of student success focused departments and initiatives designed to make it more likely that students will successfully navigate the complexities of the transition to college and the baccalaureate experience. Visit the Undergraduate Studies website at https://www.usf.edu/undergrad/ for more information.

Student Affairs & Student Success

Student Affairs & Student Success
University of South Florida

Mission

The mission of the Dean of Students Office is to support student learning and development through community building, advocacy, and student engagement.

Goals

- Identify and implement interventions designed to reduce barriers to student success focusing on advocacy, intervention, and emergency response.
- Collaborate with institutional partners to address the needs of the student body targeting identity populations (commuters, graduate students, international students, etc.)
Collaborate with institutional partners to identify and address community behaviors that impede student success.

Create, sustain, and enhance programming initiatives that contribute to community building at USF.

Values

- Advocacy
- Student Empowerment
- Collaboration
- Community
- Conscientious use of best practices

Programs and Services

- Facilitate the Non-academic grievance process
- Advocate and help students navigate university and personal concerns
- President’s Lunch-n-Learn
- Respect-a-Bull
- Emergency response
- Off Campus Safety Task Force

Academic Resources

Academic Advocacy

Academic Advocacy
4202 E. Fowler Avenue, SVC 2002
Tampa, FL 33620
(813) 974-2645
https://usf.edu/oaa

The Office of Academic Advocacy (OAA) is dedicated to serving undergraduate students in their pursuit of timely progression to graduation. We work individually with students in academic distress to review their options and collaborate with colleges and university departments to improve progression to graduation.

Undergraduate students identified as experiencing barriers to graduation may receive direct outreach from OAA to review their progress and to advise them towards graduation. Major advisors and university department staff can refer a student to OAA when they perceive an academic barrier to graduation for that student.

Student inquiries and requests for appointments can be submitted via the Office of Academic Advocacy Student Intake Form at https://usf.az1.qualtrics.com/jfe/form/SV_9oGKly2cXBgJPFz.

Tampa, FL 33620
(813) 974-2729
https://www.usf.edu/undergrad/academic-success-center/index.aspx

The Academic Success Center offers a range of different options for subject-specific tutoring, a comprehensive Writing Studio, and other learning support services in the form of workshops, courses for credit, and specialized program support for several student cohorts ranging from first-year access programs to graduate students.
Program Objectives:

- Recruit, hire, train, support, and retain qualified students as tutors
- Assist students to become confident, self-directed, life-long learners
- Offer a variety of learning support options
- Represent an active concern for students’ academic well-being
- Create an atmosphere of mutual respect and trust for students
- Provide students with accurate, relevant, and appropriate information and referrals
- Continually review policies and practices to ensure that students are appropriately served
- Maintain an inviting, helpful, and approachable manner
- Make every effort to turn each situation into learning experiences for tutors, student-employees, and students
- Refer students as necessary to appropriate university resources for the purpose of enhancing their educational experience

Education Abroad offers a variety of study abroad opportunities for students and faculty around the world. Programs include: semester exchanges, dual degree programs, summer and short term programs, international internships, and service learning. Programs range from one week to one year and award academic credit. Education Abroad facilitates the incoming and outgoing exchange process and works closely with our international partner universities to develop new academic programming and exchanges.

The Education Abroad Office provides extensive planning assistance for both students and faculty program leaders, including pre-departure orientation sessions. The staff members have extensive experience in study abroad and are able to offer seasoned, insightful advising and information to anyone considering or planning a study abroad experience. For more information on How To Apply, visit our website at: https://educationabroad.global.usf.edu/.
The English Language Program's mission is to support the University of South Florida in its mission to increase global literacy and global engagement by providing an academic learning environment where international students can develop their English language proficiency. Our faculty deliver content-based language courses designed to help students acquire knowledge, think critically, communicate ideas, and demonstrate their competence in English through integrated tasks and projects. These courses provide international students with a foundation for success in reaching their academic and professional goals at the University of South Florida.

Programs and Courses

The English Language Program offers a variety of programs for students. Programs include Academic English courses, as well as customized programs for various groups. The mentoring program provides an opportunity for master's and doctoral students to get hands-on teaching experience while working closely with one of our experienced teachers. We also work with organizations both at USF and elsewhere to help train language teachers.

- **Academic English Program** - The Academic English Program provides intensive English and academic skills training to students interested in studying at USF. The project-based, content-focused curriculum helps prepare students for the demands of attending an American university.

- **Special Programs** - The ELP offers a variety of Special Programs, custom-designed for groups including programs for teens, academic researchers, military personnel, English teachers, and executives.

Global Citizens Project

The Global Citizens Project is a university-wide initiative aimed at enhancing undergraduate students’ global competencies through the development of new and improved curricular and co-curricular experiences. USF envisions itself as a global research university dedicated to student success.

The Global Citizens Project is made possible through our reaffirmation of accreditation process by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Every 10 years as part of our reaffirmation by SACSCOC, USF must develop a Quality Enhancement Plan, or QEP. A QEP is a plan to enhance student learning in a particular area that is deemed important by the university and aligns with the university’s strategic plan. We have selected global citizenship as the area of learning to focus on this reaffirmation cycle and so have named our QEP, The Global Citizens Project.

4202 E. Fowler Avenue, LIB 232
Tampa, FL 33620
(813) 974-9944
smartlab@usf.edu
https://usf.edu/smartlab

The SMART Lab is an innovative learning environment dedicated to supporting students in introductory math courses through tutoring assistance and technology. In the 324-computer lab, students enrolled in SMART Lab courses use software to complete assignments at their own pace, receive instant feedback as they learn mathematics by doing, and get on-demand assistance from instructors, tutors or teaching assistants. In the drop-in tutoring areas, students enrolled in introductory Calculus, Statistics, and Physics courses can also receive learning assistance from peer tutors.

Our goal is to help students build a foundation of study skills that will allow them to learn mathematics and progress towards becoming independent learners. To seek help in SMART Lab courses, complete lab work, or ask additional questions visit us during our hours of operation on the second floor of the Library, LIB 232.

The USF Tampa Library offers access to an extensive selection of print and electronic resources, including books, maps, e-journal, e-books, and countless databases. There is also a collection of audio/visual materials including videos, CDs, DVDs, and even LPs.

The Tampa Library is a comfortable and inviting place for students and faculty to meet, study, conduct research, and complete group assignments. Library facilities provide wireless access, electrical connections for laptops, individual and group study seating and instructional labs. The Learning Commons (LC) on the first floor has over 140 computer workstations, as well as the Library Services Desk, a state-of-the-art Digital Media Commons, the Digital Heritage and Humanities Collections and the IT Helpdesk. The Academic Success Center, on the second floor, includes the SMART Lab, with an additional 354 computer workstations and the Writing Studio. Other Library partners include the Office for Undergraduate Research, Division of Health Professions Advising and a Starbuck’s Café.

Students and faculty also have access to specialized research assistance and information literacy instruction from our librarians. Assistance is available from research and reference librarians either by appointment, on-line via our website, by phone, or in a classroom setting.

In addition to the Tampa Library, there are two affiliated regional libraries and two special libraries. At USF Tampa are the Shimberg Health Sciences Library (https://health.usf.edu/Shimberg-library/), serving the needs of USF Health consisting of the Colleges of Medicine, Nursing, Pharmacy, Physical Therapy, and Public Health; and the Louis de la Parte Florida Mental Health Institute (FMHI) Research Library (https://lib.usf.edu/fmhi/) serving the College of Behavioral and Community Sciences. In addition, there is the University of South Florida St. Petersburg, home to the Nelson Poynter Memorial Library (https://www.usfsp.edu), and the University of South Florida Sarasota-Manatee campus (https://www.usfsm.edu).

USF Testing Services

USF Testing Services is an auxiliary unit within Innovative Education. It supports the university’s strategic efforts to ensure student success and program innovation by administering entrance and placement, certification and licensure, distance learning and pre-employment exams for numerous agencies, businesses and institutions.

Testing Services accommodates USF and non-USF customers, and delivers more than 1,000 exams per month. Students and professionals alike may take advantage of Testing Services’ portfolio of exams.
In 2013, Testing Services was awarded Test Center Certification by the National College Testing Association (NCTA), a non-profit organization of testing professionals working in post-secondary institutions, in companies with test-related products and services, and in other professional testing venues.

The Writing Studio

The Writing Studio
University of South Florida
4202 E. Fowler Avenue, LIB 122
Tampa, FL 33620
(813) 974-2729
https://www.usf.edu/undergrad/academic-success-center/writing-studio/

The Writing Studio offers free appointments with experienced writing consultants to all active USF students, faculty, and staff. You will have 45 minutes to talk with a writing consultant, who will ask you questions about your writing goals and concerns. Consultants may not be able to read your entire draft, so please indicate which sections you would like to focus on during your appointment (a typical session covers 3-5 pages at most). Please keep in mind that consultations are interactive and collaborative, so come prepared to work actively on your writing.

What Writing Projects Can I Bring to a Consultation?

Writing consultants look at a wide variety of writing. Consultations can be used for brainstorming/soundboarding (so some sessions may not address any writing but address pre-writing instead). Consultations also look at all disciplines of writing, including research papers, lab reports, articles for publications, theses, dissertations, discussion board writing/writing for the web, and much more. Additionally, consultations can address professional/academic documents, such as resumes, CVs, cover letters, personal statements, scholarship essays, grant writing, tenure portfolios, etc. The Studio also offers multimodal consultations, meaning consultants can work with clients on digital portfolios, presentations/speeches, PowerPoints, or other digital "writing." Clients can also receive help on test prep, especially the writing/English sections of the GRE and the GKT (note that for test prep sessions, clients should plan on bringing in their own materials).

DegreeWorks Academic Advising System

DegreeWorks is a web-based degree audit and tracking system helping students and academic advisors monitor progress toward degree completion. It provides academic information related to degree progress and displaying courses required and completed in the student's degree program. Access DegreeWorks using the student's activated USF NetID.

Note: Graduate, professional, and non-degree seeking students do not use DegreeWorks at this time.

Transitional Advising Center (TRAC)

Making the transition from high school or from another institution to a major research university is both exciting and challenging. Academic Foundations and Academic Transitions seminar courses are designed to support students during this time of adjustment and acclimation.

Undergraduate Studies Office of Academic Advising Initiatives

The Office for Academic Advising Initiatives provides coordinating support and leadership for undergraduate academic advising across USF in collaboration with the Council on Academic Advising, college advising leadership, and other administrative units. We serve many different audiences and areas across the university in a number of different ways including:

- Serving undergraduate students in their pursuit of timely progression to graduation.
- Administration of the Career Path for Academic Advisors along with a Professional Development Program to support academic advisor growth on the Career Path.
- Building collaborative relationships and shared processes with local state and community colleges to enhance the transfer process for students.
- Designing processes and supporting systems to provide undergraduate students and academic advisors with resources for effective planning of students' academic pathways.

Success Is a Journey, Not a Destination!

College Reach-Out Program (CROP) is a statewide pre-college program established in 1983 designed to increase the number of students who successfully enter and complete a postsecondary institution. The program’s primary objective is to strengthen the educational motivation and preparation of low-income and educationally disadvantaged students in grades 7 through 12, representing various cultural backgrounds, who “otherwise would be unlikely to seek admission to a community college, state university or independent post secondary institution without special support and recruitment efforts.”

Experiential learning is an essential part of higher education at all levels. Internships, practicums, field experiences, professional field placements, clinical residencies, service-learning and cooperative learning all provide opportunities to bridge theory and practice while preparing students for successful transition into the world of work.

USF offers a wide variety of experiential learning programs in many disciplines. Browse experiential learning programs by college and department by visiting our website.

First Year Academic Programs

First Year Academic Programs
Student Services Building (SVC) 2002
(813) 974-4051
https://www.usf.edu/undergrad/academic-foundations/index.aspx

To support incoming students in their pursuit of academic and personal success, First Year Academic Programs offers three courses: University Experience, Academic Foundations Seminar, and Academic Transitions Seminar. The elective credit earned from these courses can be applied to any undergraduate degree program.

SLS 1101 University Experience and SLS 2901 Academic Foundations are designed specifically for first-year students to acclimate to USF. These courses provide the necessary support and assistance needed during a student’s transition to university life. The curriculum addresses the opportunities and challenges related to new responsibilities, expectations and academic experiences at a university. The goals of SLS 1101 and SLS 2901 are to help students develop effective academic skills, build community, learn about campus resources, and explore personal goals. Course topics include: study strategies, time management, career development, critical thinking, effective writing, financial literacy, personal wellness, university resources, and involvement in the campus community.
To support USF transfer students, SLS 3113 Academic Transitions helps to facilitate transfer students’ academic integration into a research university. In this course, transfer students will understand the academic standards and expectations at a research university; learn strategies for overcoming transfer shock and other challenges in adjusting to a new institution; recognize practices that promote financial literacy, and prepare for their post-graduation plans.

Through these different student success courses, USF offers new students the tools to succeed at a high impact research institution. Data continues to show that students at USF who take these courses earn higher grades and graduate faster than students who do not participate.

FUSE

FUSE
(813) 974-4051
transfer-advising@usf.edu
FUSE@usf.edu

The FUSE program of the University of South Florida System is designed to promote timely degree completion for students transferring from the local Florida College System Institutions to USF System institutions to earn their Bachelor's degree. Students admitted to the FUSE program will be placed on an academic graduation path that provides a seamless transition from Florida College System (FCS) partner schools to the USF System institution of their choice. This allows for timely completion of both the A.A. and Bachelor's degrees. Students admitted to the program will be guaranteed admission to a USF System institution provided that they earn their Associates of Arts degree in 3 years, with a minimum grade point average of 2.0. Students seeking admission into limited or restrictive access majors will have to meet additional specific requirements such as GPA or test scores.

The mission of New Student Connections (NSC) is to create and support shared USF experiences that connect students to the campus community and provide for a successful transition. The department accomplishes its purpose by introducing students to engagement opportunities, exposing students to the diversity at USF, and providing access to small communities where students develop meaningful relationships with their peers, student leaders, and staff mentors who support their growth and development. NSC programs and services build on the knowledge that a student has received, provide a progression of learning experiences that complement one another, and offer timely information so they are better prepared to excel academically and become active members of our campus community. We foster an institutional climate that is welcoming, inclusive, and safe for students, faculty, staff and visitors. As a system-wide office we promote initiatives that contribute to the diversity of our institution and celebrate the rich heritage in our campus community and the region. We provide oversight for equal employment opportunity, as well as processes to mitigate harassment and discrimination. Additionally, we coordinate Title IX services in conjunction with other units to prevent sexual violence and create a culture of safety.

Faith-Based Organizations

The Religious and Spiritual Life at USF is a network of member faith communities committed to an agreed upon set of ethical standards. We provide access to programs, services, and activities that encourage a campus atmosphere of healthy religious and spiritual expression. This is accomplished through meetings, resources allocation, and collaboration between member organizations and the Division of Student Affairs.

Being a member of a Greek lettered organization at the University of South Florida is a great opportunity to develop as a person and to enhance the collegiate experience. Through membership development programs that the office hosts to philanthropies created by each organization, members of the Greek community are exposed to multiple learning and growth opportunities. Being a member of a fraternity/sorority means joining an organization that is bigger than yourself where you learn about personal values and ethics and finding that organization that has the values and morals that align with your own. This aspect is something that is unique to a Greek Lettered organization and that no other student organization can offer to the average student.

The services provided by Student Health Services (SHS), in collaboration with the other Wellness USF departments, can help you achieve and maintain a healthy lifestyle, and thereby support your academic success. Whether you are sick, injured, managing a chronic health problem, or working to develop a healthier lifestyle, Student Health Services is here to help! Our mission is to provide students with high-quality health care and education to strengthen student learning and promote lifelong success through health and wellness. We combine a wide range of medical, counseling, prevention, and wellness services to help students remain healthy and succeed academically. All services are subsidized by your tuition, allowing us to offer general medical consultations at no out-of-pocket cost and quality specialty services at student rates. We can even bill private insurance or put fees on your OASIS account, so you don’t delay medical treatment or necessary medication.

SHS operates with an open access appointment system in order to accommodate same day appointments. We will schedule you for the first available appointment based on the type and urgency of your medical symptoms. Students can schedule an appointment by calling, visiting in person or online through usf.edu/SHS but additional details may be required. We have an on-site laboratory, participate with e-prescribing, and offer a secure health portal where you can communicate with your medical team. SHS respects patient confidentiality. We utilize electronic health records and medical records are managed in a strictly confidential manner.

Want to reach your goals?

Consider signing up for your free personal and private success and wellness coach who will work with you to create your plan for success.

Success and Wellness Coaching is a personalized process that empowers you to achieve self-determined goals relating to your personal, emotional, social, and academic success and wellbeing.

Any USF student can sign up for coaching. Most students sign up for 3-6 sessions. You can meet with your coach most anytime during the day and most any location that is convenient for both of you.

You can learn more about coaching by calling 813-974-0463 or visit us at https://www.usf.edu/student-affairs/wellness/about-us/successandwellnesscoaching.aspx
